### President Report:-

We are not long back from our xmas break and it seems like we never had one.

Straight back into it with Bobs BBQ and Australia day celebrations. Australia day show was successful and we made \$3320 which we will donate to the bush fire appeal. Well done team.

Next meeting we will discuss if opportunity to have the van at the AFL match at Bennett oval.

Not all of you may know we have a new sponsor providing us with generators and scissor lifts when required.

The company is Access Hire and the Managers name is Amanda Atkinson. Amanda is a very community minded person and is willing to help as much as possible with our community fundraising. Lets try and support Access as much as we can by recommending their services to others.

Hope to see as many members as possible at the next meeting on the 12th

Yours in Lionism  
**President Stephen Pearce**

Saturdays require two (2) and Sundays two (2)

If a lion can't attend, he must find a replacement and also inform the Captain.

"To the powers to be who make decisions, wake up, open your eyes and absorb these horrific images and ask yourselves a few very simple questions, because we must learn from this cataclysmic disaster."

Norman went on to offer four strategic bushfire-combating strategies he hopes Australia's political leaders will head.

His range of strategies includes consultation with indigenous leaders.

"1) Procedures, protocols and preparations," he wrote in the 300-word post.

"What lessons have been learnt? What must be adjusted or what new should be implemented? This will happen again. Let's not kick the can down the road.

"2) Should there be a National Fire Service? Not each State being responsible for their own. Australia is on fire!

"3) Burn back. With the animal death toll approaching 1 BILLION would control burn backs in winter months help reduce this carnage? Seek the advice of Australian Aboriginals. They have been the custodians and carers of our land for over 50,000 years.

"4) maybe a refresh to the 2006 agreement between America and Australia on bushfire/wildlife cooperation.

"Fires happen in America as well and there are approx 25 firebombers in the USA. Learn and support. We must ALL help prevent this magnitude of ugliness from returning and NOT continue to operate with the mentality of suppression vs prevention!"

Kangaroo Island Australia, before and after 🙄😞
