# We act, then we report.

We serve to improve communities locally and around the world. But why do we report service?

- Celebrate the contributions and achievements of members, clubs, and our association.
- Discover and replicate impactful service projects.
- Set goals to grow our impact.
- Increase awareness of local and global needs.
- Learn more about [why we report service](#).

# Challenges reporting service, heard from Lions.

- It's hard to find motivation when we can't see our impact on a large scale and only a few people have access to information.
- It's time consuming.
- We normally report our activities at the end of the month. It's hard to remember all the activity's details.
- Reporting rules and definitions aren't always clear.

- MyLion recognizes all of a user's titles and gives you access to all the tasks you can complete regarding service activities with those titles. You do not need to change your role manually.

**MyLion will be the destination for service activity reporting starting July 1. However, is there a 2018-2019 reporting grace period in MyLCI?**

- Yes, you will be able to report 2018-2019 service activities in MyLCI until July 15, 2019.

# MyLion Frequently Asked Questions (continued)

**Where are signature activities? And is there a definition for signature activities?**

- Signature activities will be available in June 2019.
- Lions Clubs International defines a signature activity as a recurring activity which represents the identity and/or specialization of the organizing club, district or multiple district.
- Based on this definition Lions and Leos will be able to decide which activities are their signature activities.

# MyLion Frequently Asked Questions (continued)

## How do I categorize my activity?

- First select the activity type (Service Activity, Fundraiser, Meeting)
- Then select the appropriate "Global Cause". If the activity does not belong to a Global Cause, please select "Other".
